

DRVN Automotive appoints GH Vehicles as distribution partner for Evoluto Automobili and Boreham Motorworks

- DRVN Automotive appoints GH Vehicles as North American distribution partner, representing Evoluto Automobili and Boreham Motorworks across Florida, Alabama, Georgia, South Carolina, North Carolina, Tennessee and the Caribbean
- Partnership strengthens DRVN Automotive's presence in key US and Caribbean markets, providing access to an established and highly experienced luxury automotive network
- GH Vehicles brings over 75 years of automotive heritage through the Gómez family, combining deep-rooted expertise with a modern focus on performance and collector vehicles

Coventry, UK - 31st March, 2026. DRVN Automotive is pleased to announce the appointment of GH Vehicles as an official distribution partner, representing both Evoluto Automobili and Boreham Motorworks across Florida, Alabama, Georgia, South Carolina, North Carolina, Tennessee and the Caribbean.

The partnership further strengthens DRVN Automotive's presence in North America, aligning with a highly established automotive group whose heritage and values closely reflect those of both brands. Since 1949, the Gómez family has played a defining role in the automotive industry in Puerto Rico, building one of the region's most respected and enduring businesses. Over more than seven decades, the group has delivered transportation solutions to over 450,000 customers across North America, establishing the Gómez name as synonymous with quality, trust and long-term reliability.

Today, that legacy continues under fifth-generation leadership, with GH Vehicles representing a modern evolution of the family's automotive expertise — combining deep-rooted experience with a forward-looking approach to performance, luxury and collector vehicles. Their strong historical connection with Ford Motor Company dating back to 1951 further reinforces a natural alignment with Boreham Motorworks and its heritage-led programmes.

Iain Muir, CEO of DRVN Automotive, said:

"GH Vehicles brings a depth of heritage and credibility that is incredibly rare, not just in North America but globally. Their long-standing relationship with customers, combined with a genuine passion for automotive excellence, makes them an ideal partner for Evoluto Automobili and Boreham Motorworks. This partnership strengthens our presence in key markets and ensures our cars are represented by a team that truly understands their significance."

Victor M. Gomez III, CEO of GH Vehicles, added:

"For more than 75 years, our family has been dedicated to delivering exceptional automotive experiences built on trust, quality and long-term relationships. Partnering with DRVN Automotive to represent Evoluto Automobili and Boreham Motorworks is a natural extension of that legacy. These are brands defined by authenticity and engineering excellence, and we are proud to introduce them to our clients across Florida, Alabama, Georgia, South Carolina, North

Carolina, Tennessee and the Caribbean.”

Through this partnership, DRVN Automotive gains access to a highly engaged and knowledgeable client base across key states in North America and across the Caribbean, supported by a partner that understands both the cultural significance and technical depth of analogue-focused, low-volume performance cars.
